

## FloLogic for Southern Mutual Church Insurance

Plumbing supply leaks are a leading cause of damage and disruption of use for properties and facilities. FloLogic is a premium smart leak control device that detects and automatically stops plumbing supply leaks to prevent catastrophic water damage.

### How FloLogic Works

Intelligently protects the entire building, automatically stopping leaks, no matter their location, beginning as small as a pinhole

Provides alerts and enables app-based control of the property's water supply

Installed on the incoming water supply to monitor all water flow

### Advantages of Installing FloLogic

- ★ **Comprehensive:** Real time detection of virtually any size leak—beginning at ½-ounce per-minute
- ★ **Versatile:** For all types of properties: Multiple valve sizes (1", 1.5", 2"), rated for outdoor installations, interfaces with irrigation, water treatment, and security systems
- ★ **Vigilant:** Automatically shuts off water when leaks or critically low room temps are detected
- ★ **Connected:** App-based control enables constant oversight of a property from anywhere
- ★ **Premium:** USA-made, cast bronze construction with battery backup during power outages
- ★ **Proven:** The leader in smart leak control since 2000, best-in-class 5-year limited warranty
